

ALL BOND UNIVERSAL

The culmination of over 30 years of adhesive research, a universal, versatile adhesive now re-launched as a one-step process.

The versatility makes it an indispensable part of any dental practice.

1. COMPATIBLE

...with all light-, self- and dual-cured resin composite and cement materials for all direct and indirect purposes.

2. VERSATILE

Its chemistry offers the flexibility to either total-, self- or selective-etch.

3. DURABLE

Offers high bond strengths to all indirect substrates including metal, glass ceramics, zirconia, alumina, porcelain (silica-based) and lithium disilicate.

4. ONE BOTTLE

No additional activator required.

5. OPTIMAL

Low film thickness (less than 10 microns) and virtually no post-operative sensitivity without sacrificing clinical performance.

Ref: B-7202P

£86.70

6ml Bottle

All prices exclude VAT and postage and are subject to change without prior notification.
